Indication of semester of study

### Symptom (public)

I intend to apply for a Master's degree programme. Which semester of study do I have to indicate?

### Problem (public)

I intend to commence a Master's degree programme. On the online application portal I have to indicate the semester of study. I can choose between 1 and 4. I would like to commence the Master's degree programme right from the start, but it will take me 4 semesters to finish it. Do I have to choose semester 1 because I intend to commence the Master's degree in the first semester or do I have to indicate 4 because it will take me at least 4 semesters to finish the Master's degree programme?

### Solution (public)

You have to choose "1" because you apply for the first semester of study. You do not have to indicate the duration of your studies.
