Scholarships for research stays abroad are offered by the German Academic Exchange Service (DAAD) [["http://www.daad.de/en/index.html"](http://www.daad.de/en/index.html)], postdocs may also apply at Alexander von Humboldt Foundation [["http://www.humboldt-foundation.de/web/home.html"](http://www.humboldt-foundation.de/web/home.html)].

Further more, the FAU Central Office of International Affairs has compiled a list of institutions [["https://www.fau.de/international/wege-ins-ausland/studieren-im-ausland/externe-stipendienangebote/"](https://www.fau.de/international/wege-ins-ausland/studieren-im-ausland/externe-stipendienangebote/)] which provide financial support for your stay abroad.

We recommend also to check our website with several scholarship databases [["http://www.graduateschool.uni-erlangen.org/financial-support/scholarships.shtml"](http://www.graduateschool.uni-erlangen.org/financial-support/scholarships.shtml)] for your own search as well as our website with general information about research stays abroad.

Further contacts, e.g. at your Faculty, can be found on "<http://www.promotion.uni-erlangen.de/finanzierung/stipendien.shtml>" (see section "Internationales")

If your doctoral project at FAU is funded already, do not forget to ask at your funding institution whether there are some special grants for a research stay abroad.
